

The 2017 process for becoming a Wyoming certified WPS trainer has been simplified and will be as follows:

1. Log in to Iowa State University website <http://www.extension.iastate.edu/workerprotection/> and complete the training.
2. Forward your completion certificate to Hank Uhden/Scott McDonald at the WDA so they can keep on file.
3. Read and FOLLOW the How to Comply manual [https://www.epa.gov/sites/production/files/2016-09/documents/htcmanual\\_final.pdf](https://www.epa.gov/sites/production/files/2016-09/documents/htcmanual_final.pdf)

This is only valid for 2017.
