1) Reports (see below; revise as appropriate)
2) Overall Planning
    a. Relaunch event at UA
    b. SRM poster abstract due September 25th
    c. Plans for SRM 2016 session and posters
3) Questions that came up for Matt
    a. Can two sites be up at the same time?
    b. Can we see number of DLIOs per state?
4) Barb to send Kelly descriptions for new topic sections
5) Barb to send Jeanne and Sheila priority list (see below; and July 9th agenda)
    a. Need to follow-up with Beth re: rangeland management webinar(s)

Jeanne: (1) will confirm, remind, and send our agenda for meetings while Barb is away (through August); (2) focus now is the Australia collection DLIOs – Australia conference follow-up?; will follow-up library repository; (3) continues to post to social media; (4) will look into compacting RP Dropboxes; (5) helping to plan Wikipedia Editathon planning; (7) Assisting with Member site; (8) doing column on SRM with Nicole

Sheila: (1) Webinars – planning to hold one for RP members on using and engaging with RP social media (recorded and made available on member site; date to be set after folks return for the fall semester; alerts/notifications will be sent out; ask E.C. to help distribute announcement); (2) Tutorials – is planning to create Panopto tutorials on how to use the new websites; social media; and possibly DLIO generation; (3) Social Media coordination – set up Hootsuite for everyone; (4) maintain YouTube video channel; (5) will assist with REEreport and compiling analytics (before and after)

Sarah: (1) updating Locoweed Guide; (2) social media/pinterest (as time permits)
1. Locoweed guide – I'm still working on the update, I'm hoping to have it done by the end of July and have it go live sometime in August.
2. Generational transfer video – Alan and I went out to the 47 Ranch to do a follow up interview with Dennis Maroney, his son Gordon, and Vanessa Prileson. It went GREAT, we got some amazing footage, and we had a great time with them. If Alan is there, he can fill you in on the details but all in all, it was fantastic! I'm anxious to see how it comes together.
3. Pinterest/social media – I have not been able to do much yet, I will work on that after July 13th. That will be a priority for me in July and August, so more on that later! I may try to add to/organize the Pinterest boards in the next week or so. Does anyone have the Pinterest username and password?
    a. Just a note – I'm loving the Facebook memes and how popular they are! They're getting shared like crazy and I've seen the advertisement for more ideas in the RangeFlash from the SRM the last time or two the newsletter has been sent out. Way to go guys and gals!
4. DLIOs from Barb – will also work on entering those in the coming weeks, will be finished with those by end of July.

5. Wild Horse and Burro – I have a new topic page basically ready to go and have linked to the eXtension pages where it was appropriate. I sent it to Jamie Keyes from Utah for review and she said liked it. I'd like a final okay from George before I send it on to Kelly to go live on the site. I also need to find acceptable photos.

Amber: (1) GSSA database editing for upload – working with two databases: (a) GSSA research database that goes back many decades; and (b) Taylor and Francis journal abstracts – is editing them and then will compile into one large file for uploading. Discussion about Afrikaans titles – will be included but need an English title and summary; (2) CA Range and Pasture database editing – completed and sent to Matt/Redbooth for uploading; (3) New Animal Health for Ranchers website materials – to be started after GSSA is finished.

Alan: (1) filmed 5 intros, need more photos – will work with Kelly on this starting next week; (2) session with Trent will be rescheduled; (3) Wolf Reintroduction video quote was taken out; new version will be ready next week; (4) Working on Generational Transfer video – interviewed Dennis Malroney and his family as well as Vanessa (son has now decided to come back to manage the ranch), talked about conservation easements and also was given a contact with Land & Water Trust; (5) Alan offered to help with social media.

Kelly: (1) working on broken links fixes as first priority for July – will need new report run by end of month; (2) will be adding new content (topics info) on new websites once she has access to development site; (3) adding video clips (SHEILA SUGGESTED TO PUT IN WORD FOR NOW; SHE WILL SEND YOUTUBE LINKS); (4) Question – link Wild Horses and Burros and eXtension Rangelands?; (5) Barb needs to send suggestions for content

Barb: (1) need to prepare 1st draft of sustainability survey (2) contacted Rachel and Amy and others re: developing rest of the topic introductions – WAITING FOR RESPONSES; (4) Allen Rasmussen re: Corpus Abstracts – WORKING WITH SRM AND BARRY IRVING ON GETTING ABSTRACTS FROM SACRAMENTO AND ORLANDO MEETIGS; (5) Chuck Butterfield re: SRM Sunday session – ROOM & EQUIPMENT HAVE BEEN RESERVED; CONFERENCE CALL SEPTEMBER 29TH; (6) Stuart Marsh re: Fall launch event at ENR2 – SENT EMAIL, RESPONSE TO CONTACT IE (will contact Amber Brown); (7) Redo Newsletter in MailChimp – STILL TO BE DONE; (8) Reorganize videos in YouTube channel - TBD; (9) AgriVIVO – TBD; (10) following-up on proposal opportunities: WSARE, DFID, UC Davis; (11) Linked In Group research – TBD; (12) Assist with Member site – TBD; (13) Follow up after relaunch: Land Portal, CABI, IFPRI, ILRI etc.
